CLARIFICATIONS

1. There is inconsistency in the dates at paragraph 11 which reads as

“By August 2024, the Night’s Watch had detained over 18,000 alleged illegal immigrants, in special Detention Centers built by Mr. Poker’s government. The detainees majorly belonged to lower-income groups. Various Human Rights groups flagged the relentless and violent manner in which the Night’s Watch operated and the inhumane conditions in which detainees were housed in the Detention Centers. By December 2012, the number of detainees has increased to 100,000 and concerns of human rights violations by Night’s Watch had become widespread.”

How can it be December 2012 which predates the august 2024 from where the reference of the increase in number of detainees has been observed
