

MOOT COURT SOCIETY

Date: 18th October, 2026

Clarifications on the Proposition of 20th Intra Grand Moot Court Competition 2026-27

1. Whether Clause 2 of the Election Commission (Regulation of Digital Political Communication) Order, 2026, prohibits all favourable digital political communication or is limited to the categories specified under Clause 1(b).

Ans: The clause is left open to interpretation.

2. Paragraph 9 of the Statement of Facts refers to Section 4 of the Representation of the People (Amendment) Act, 2026, for deletion of electors below 21 years, whereas Appendix A provides for such deletion under Section 3. Kindly clarify the correct reference.

Ans: The reference is to Section 3 of the Representation of the People (Amendment) Act, 2026 and not to Section 4.

3. Is the Union of Harappa *pari materia* to the Union of India in terms of law, population, demographics, size, election term of 5 years with the last election being held in 2024 with the same no of parliamentary constituencies as that of India as nothing of the said nature has been mentioned in the proposition. Are we supposed to assume the same?

Ans: Facts not mentioned may be assumed to the extent reasonable within the proposition.

4. Which State is *pari materia* to Bandra Pradesh as the moot proposition is silent about the same. Need clarity to find out the demographics therein.

Ans: State of Bandra Pradesh is an indigenous state in the Union of Harappa. The demographics of State of Bandra Pradesh are similar to the State of Maharashtra. The local laws and statutes are, however, not *pari materia*.

5. Is the Appendix "A" an amendment or ordinary act of Parliament?

Ans: The Act mentioned in Appendix "A" is an amendment to an existing statute, as provided.

6. Whether the references made to para 2 in the Appendix B are with regards to Clause 2 of the given Election Commission order?

Ans: No clarification required.
